## DELAYED PRICE & STORAGE PROGRAM Fall Harvest 2025

### Soybean Delayed Price:

Will be **11 cents per bushel per month** (.0036 cents per bushel per day) from the date of delivery through September 15, 2026. On September 16, 2026 grain remaining on delayed price may be subject to 2026 rates. **\*NCIP - 5 days**

### Corn Delayed Price:

Will be **10 cents per bushel per month** (.0033 cents per bushel per day) from the date of delivery through September 15, 2026. On September 16, 2026 grain remaining on delayed price may be subject to 2026 rates. **\*NCIP - 5 days**

### Corn & Soybean Storage Program:

Corn or Soybeans placed on storage (privately stored - eligible for government storage) will be charged a 25-cent minimum plus .0066 cent per bushel per day (**20 cents per month**) from the date of delivery through September 15, 2026. On September 16, 2026, grain remaining on storage may be subject to 2026 rates. **\*NCIP - 5 days**

### Free Period:

**\*NCIP/Grain** marked delayed price or storage will incur **no charge if priced** within 5 days (including weekends) from the date of delivery.

### Warehouse Receipt for Government Loan:

Anyone requesting a warehouse receipt on corn or soybeans, will have nine months of storage and all discounts billed in advance. If loan is paid off prior to nine months, unused storage will be reimbursed. There will be a charge of 5 cents per bushel for all warehouse receipts issued.

### Grain Bank - Corn:

Corn delivered and placed on Grain Bank will be charged 10 cents per bushel per month, (.0033 cents per day) on daily remaining bushels. Grain Bank storage is charged out monthly. All drying and quality discounts will be charged at time of delivery. The 8 cent load out charge will be waived for grain removed for feeding purposes only. Grain sold out of Grain Bank will be charged at the Delayed Price rate.

9/25/25 (All rates subject to change without notice!)
